

Based in Alzenau, near Frankfurt in Germany, Hyundai Motorsport GmbH is responsible for Hyundai's global motorsport activities and primarily for its World Rally Championship program. In parallel to its title winning WRC campaign, Hyundai Motorsport's Customer Racing department was created with the aim of enhancing Hyundai's motorsport image around the world with the Hyundai i20 R5 rally car and the Hyundai i30 N TCR for circuit racing.

We are now hiring an **Engine Builder**

Main tasks

- Build, prepare, integrate and maintain high-performance WRC engines
- Assemble and disassemble engines to specified tolerances
- Ensure high quality, reliability and the quality control documentation throughout the process
- Build development components and test engines and check their quality
- Attend and support potential rallying events and test days as required
- Maintain a clean, hygienic and safe work environment
- Approach encountered reliability issues and advise the team and workshop leaders
- Guarantee that engines are serviced to a high standard and fitting to race

Qualifications

- Previous experience of 2-5 years in building race/rally engines within a high level motorsport environment
- Fluent English is compulsory (Basic German is a plus)
- Knowledge of Microsoft Office (Excel, Access, Outlook)
- Flexible approach to working hours and tasks is essential
- High developed attention to detail
- Work effectively as a member of a wider organization
- Ability to be self-directed and work well under pressure

Application to **Jobs@hyundai-ms.com**
