

Based in Alzenau, near Frankfurt in Germany, Hyundai Motorsport GmbH is responsible for Hyundai's global motorsport activities and primarily for its World Rally Championship program. In parallel to its World Championship winning WRC campaign, Hyundai Motorsport's Customer Racing department was created with the aim of enhancing Hyundai's motorsport image around the world with the Hyundai i20 R5 rally car the Hyundai i30 N TCR, Veloster N TCR and Elantra N TCR for circuit racing.

We are now hiring an IT Support Engineer

Main tasks

- Maintain and troubleshoot the trackside network (LAN, WAN and WLAN)
- Support and administer Windows based services such as Active Directory, Group Policy, DNS and DHCP
- Support specific hardware and software at track and our premises
- Deploy and maintain a series of NAS (Sinology and QNAP)
- Maintain the company's SQL database
- Server virtualization
- Troubleshooting of network issues
- Synchronize data between the headquarter and event location

Qualifications

- Bachelor or Master degree in Computer Science / Electronic Engineering with a major in related fields
- Minimum 2 to 3 years of relevant work experience in the Motorsport sector
- Experience with network management tools is essential
- Fluent English both written and spoken is mandatory
- Knowledge of handling and programming in Microsoft SQL is a plus
- You are ready to travel several destinations a year on a frequent basis
- You complete tasks with minimal guidance and work under pressure to meet deadlines
- Show you can be part of a team and create a motivating environment
