

Based in Alzenau, near Frankfurt in Germany, Hyundai Motorsport GmbH is responsible for Hyundai's global motorsport activities and primarily for its World Rally Championship program. In parallel to its World Championship winning WRC campaign, Hyundai Motorsport's Customer Racing department was created with the aim of enhancing Hyundai's motorsport image around the world with the Hyundai i20 R5 rally car the Hyundai i30 N TCR, Veloster N TCR and Elantra N TCR for circuit racing.

## We are now hiring a **Dyno Technician**

### **Main tasks**

- Maintain and operate engine test benches including associated equipment and instrumentation
- Operate the test console in line with our dyno procedures
- Perform daily routine tasks such as start-up, warm-up, control and performance checks to prepare the tests
- Analyze data and create statistical overviews
- Program test routines and automatized test runs
- Take responsibility for the validation and development tests and observe the engine log book
- Report faults and try to find solutions related to the dyno facility environment
- Keep a clean and safe workspace
- Enure the data recording and the storage of data files

### **Qualifications**

- Bachelor or Master degree in Mechanical Engineering with a major in related fields
- Minimum 1 to 2 years of relevant work experience in the Motorsport sector
- Previous experience of working with engine test benches is required
- Fluent English both written and spoken is mandatory
- Knowledge of MS Office and automatized systems (Morphee, Puma)
- Knowledge of engine management software is an advantage
- You complete tasks with minimal guidance and work under pressure to meet deadlines
- Show you can be part of a team and create a motivating environment
